

Who We Are

Established in 1958, Indian Institute of Technology Bombay (IITB) has grown to become a top technical institute in the world. IITB provides undergraduate and postgraduate programs in engineering, science, mathematics, earth science, industrial design, humanities & social sciences, among other disciplines. The institute also provides short-term courses through continuing education and distance education programs. Research and academic programs at IITB are driven by its outstanding and internationally reputed faculty. Located in the northern suburb of Mumbai, the institute is proud of its contributions to the community, country, and beyond.
