# About IIT BOMBAY

Established in 1958, Indian Institute of Technology Bombay (IITB) has grown to become a top technical university in the world. IITB provides undergraduate and postgraduate programs in Engineering, Science, Mathematics, Earth science, Industrial design, Humanities & social sciences, among other disciplines. The institute also provides short-term courses through continuing education and distance education programs. Research and academic programmes at IITB are driven by its outstanding and internationally reputed faculty. Located in the northern suburb of Mumbai, the institute is proud of its contributions to the community and country.

It is located at Powai, Mumbai in a campus extending over 220 hectares amidst picturesque surroundings with Vihar and Powai lakes on either side.

- A premier technical university located in the financial capital of India
- ~95% of the community lives in a residential campus with a small hill, two natural lakes
- A clean, green, and safe campus

“An island of dappled green, the campus at Powai is nestled amongst hills and flanked by the Powai and Vihar lakes. It is special both in terms of its physical beauty and location — a place where you could be away from the world, yet still be a part of it. Education and research are the twin pillars of this institute and the ambience is one in which new ideas and creativity can flourish.”

Prime Minister Jawaharlal Nehru laid the Foundation Stone on March 10, 1959

Prime Minister Narendra Modi at 56<sup>th</sup> Annual Convocation held on August 11, 2018

The Ministry of Human Resource Development granted the Institution of Eminence (IoE) status to Indian Institute of Technology Bombay (IIT Bombay) on July 9, 2018

**Parent institution:** Ministry of Education, Government of India  
**The medium of instruction in IITs is English.**

IIT Bombay is an autonomous institute and a deemed university. It is governed by a Board of Governors with its Chairman nominated by the Visitor (the President of India). The President of India is the ex officio Visitor, and has residual powers.

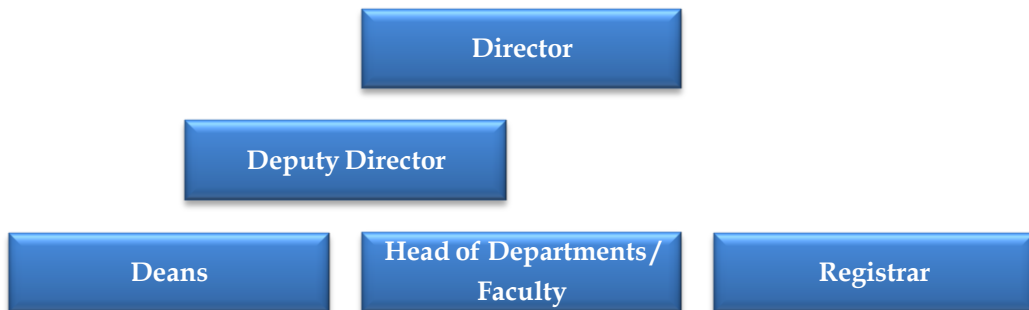

The Institutes of Technology Act (1961) is an act of the Indian Parliament that declared certain institutions of technology to be institutions of national importance.

### The BoG

Each IIT has its own Board of Governors (BOG), the highest governing body of the Institute, which meets, at least four times a year. Almost all major policy decisions have to be approved by the Board.

**The Senate** is the highest academic body of the Institute, which approves courses of study, frames rules of academic programmes, conducts evaluations and finally recommends the award of degrees to the Board of Governors.

**The Director** is the executive head of the institute. He chairs the Senate, which is the authority on all academic matters, and is also a Member of the Board of Governors and of the IIT Council.

Director  
Prof. Subhasis Chaudhuri

Dean International Relations  
Prof. Amit Agrawal

## Organizational STRUCTURE

#	Dean	Responsible for
1.	Academic Programmes, AP	leads the Academic office, which is the repository of all records connected with academic performance of students.
2.	Administrative Affairs, AA	broad policy issues relating to administration, such as the management of staff manpower, continuous planning and reworking of administrative workflows and automation of administrative procedures.
3.	Alumni & Corporate Relations, ACR	looks after relations with alumni, and coordinates donations received from alumni, corporate and philanthropic Sources.
4.	Educational Outreach, EO	to deliver inter-disciplinary material along with the pedagogical rigour that IITs are known for - making for unrivalled offerings in the context of continuing education.
5.	Faculty Affairs, FA	conducting faculty recruitment, hiring institute postdoctoral fellows, appraisals and recommending special leaves of absence in consultation with the relevant academic unit.
6.	Infrastructure, Planning & Support, IPS	all matters connected with creation of new civil infrastructure and maintenance of the existing civil infrastructure and all related facilities, such as roads, electricity, and water supply.
7.	International Relations, IR	promotes and administers international linkages. All the matters related to foreign students, coordinates visits to the Institute by foreign nationals, whether for conferences or other types of academic exchanges, including visiting faculty.
8.	Research and Development, R&D	leads a large office called the Industrial Research and Consultancy Center (IRCC) to take care of sponsored projects and consultancy matters as well as filing patents.
9.	Strategy	tasked with planning and supporting institutional strategic initiatives and proposals including formation of centers of excellence, organizational changes, and strategy related to institutional ranking.
10.	Students Affairs, SA	student activities and welfare, other than academic matters (which are dealt with by the Dean AP). These include hostel, sports, and cultural affairs.

**Academic & Research @ IIT BOMBAY**

IIT Bombay offers Postgraduate (M.Tech., M.Des., M.B.A., M.Sc., M.P.P., M.A.), and Doctoral (Ph.D.) programmes in various academic units of IIT Bombay

Semester	Degree Programmes	Application Deadlines (every year)
Autumn (Jul-Nov)	M.Tech., M.B.A., M.Des., and Ph.D.	1 January - 31 March
Spring (Jan-May)	Ph.D.	1 September - 31 October

The academic division of IIT Bombay can be visited at <https://www.iitb.ac.in/en/education/academic-divisions>  
 Application portal for degree program: <https://portal.iitb.ac.in/intadm/login>

The IR Office organizes Info Session prior to the admission season to showcase IIT Bombay Academic & Research facilities. This gives a brief about institute to prospective candidates.

### Degree Programmes

M.Tech.

 M.B.A.  
 M.B.A. (Executive)  
 M.P.P.  
 M.S. by Research  
 M.A. by Research  
 M.Tech. + Ph.D. (Dual Degree)  
 M.Sc. + Ph.D. (Dual Degree) in Energy  
 M.A. + Ph.D. (Dual Degree) in Philosophy  
 Ph.D.

**Admission @ IIT BOMBAY**

## Scholarship for Foreign National Students

- Indian Council for Cultural Relations (ICCR) (Government of India)
- Study in India (SII) (Government of India)
- Doctoral-fellowship in India for ASEAN (DIA) (Government of India)
- Foreign Government Sponsorships
- Ph.D. Program under Institute Foreign Teaching Assistantship (TA) category

### **Indian Council for Cultural Relations (ICCR) Scholarship (Government of India):**

Candidates desirous of admission under this Fellowship Programme are required to apply through the Indian High Commission/Embassy as the case may be, in their respective Countries. The Commission/Embassy will send the application to Indian Council for Cultural Relations (ICCR), Government of India and then ICCR will forward the application/s to the Academic Office at IIT Bombay for consideration. In case the candidate is found suitable for admission, an offer letter will be sent to him/her through ICCR, New Delhi. ICCR scholarship provides a monthly stipend and tuition fee waiver.

website of ICCR: <http://a2ascholarships.iccr.gov.in/home/getAllSchemeList>

### **Study in India (SII) Scholarship (Government of India):**

The Study in India (SII) program has designed a framework to award scholarships and tuition fee waivers for meritorious students applying for Master's or Ph.D. programs at IIT Bombay.

website of SII: <https://www.studyinindia.gov.in/scholarships/FeeWaiversandConcessions/Scholarship>

### **Doctoral-fellowship in India for ASEAN (DIA) (Government of India):**

There is a special scheme for scholars from ASEAN countries to apply for Ph.D. fellowships in IITs. The scheme aims to strengthen the deep and historical relations between India and ASEAN countries. Applicants may apply online and the selected ones will get a chance to finish their Ph.D. with funding at par with their Indian counterparts from the Government of India. The funding includes a monthly stipend and an annual research grant for up to 5 years of their Ph.D. programme.

website of ASEAN: <https://asean-iit.in/>

### **Foreign Government Sponsorships:**

The application should be submitted to the Academic Office at IIT Bombay, either by the candidate or the sponsoring authority. In case the candidate is found suitable for admission, an offer letter will be sent to the candidate or the sponsoring authority as the case may be.

### **Ph.D. Program under Institute Foreign Teaching Assistantship (TA) category:**

Students who wish to pursue Ph.D. at IIT Bombay can also apply under the Institute TA category. The teaching assistantship (TAship) is for a maximum duration of 5 years or up to the thesis submission, whichever is earlier. The monthly rate of assistantship is INR 31000/- for the first two years and an enhanced assistantship of INR 35000/- for the remaining period.

## Joint Supervision Program between IIT Bombay and its International Partner Universities

IIT Bombay have provision of degree program with our partner universities. These bilateral degree programs are:

### **Ph.D. co-supervision Program Cotutelle Ph.D. Program**

### **Joint Doctoral Degree Program Joint Master's Degree Program**

The Institute has many research collaborations with leading universities in Europe, Japan, USA, and other East Asian countries. As part of these collaborations, the post graduate students get opportunities to carry out joint research projects with faculty and students from these universities.

### **IIT Bombay has collaboration with the following foreign universities**

#### **Ph.D. co-supervision Program**

The University of Sydney, Australia  
 University of Alberta, Canada  
 Technische Universität Braunschweig, Germany  
 The Abdus Salam ICTP, Italy  
 Hiroshima University, Japan  
 Korea Institute of Science and Technology, Korea  
 National Chiao Tung University, Taiwan  
 United Arab Emirates University, UAE  
 Nottingham Trent University, UK  
 Washington University in St. Louis, USA  
 Rensselaer Polytechnic Institute, USA

 The Ohio State University, USA

#### **Cotutelle Ph.D. Program**

Curtin University, Australia  
 Université du Québec à Trois-Rivieres, Canada  
 The University of Newcastle, Australia  
 University of Wollongong, Australia  
 Samara National Research University, Russia  
 National Taiwan University, Taiwan  
 National Tsing Hua University, Taiwan  
 National Chiao Tung University, Taiwan  
 Nottingham Trent University, UK

#### **Joint Doctoral Degree Program**

Monash University, Australia  
 National University of Singapore, Singapore  
 Nanyang Technological University, Singapore

#### **Joint Master's Degree Program**

Washington University in St. Louis, USA

# IITB-Monash Research Academy

An Indian-Australian research partnership

The Academy has state of the art facilities like a Cisco Tele-presence room, video-conference rooms, a seminar room, workstations, well-equipped laboratories, an Atrium, and a leisure area.

Our students enjoy the best of two worlds. In this joint program, a student typically spends 3 years in IIT Bombay and 1 year in Monash University.

Source: <https://www.iitbmonash.org/>

## A unique global research institute

IITB and Monash University's joint venture PhD program is unique in terms of size and scale. Through collaborative research projects the academy produces a highly talented pool of graduates who are currently taking on world challenges in fields as diverse as novel approaches to drug delivery and sustainable forms of energy production.

The joint PhD program attracts up to 4000 applications for up to 50 places per year. IIT Bombay granted 217 joint PhD along with Monash University.

### IITBM Research Theme:

- Artificial Intelligence and Advanced Computational Modeling
- Clean Energy
- Health Sciences
- Smart Materials
- Sustainable Societies and Management
- Circular Economy
- Infrastructure Engineering

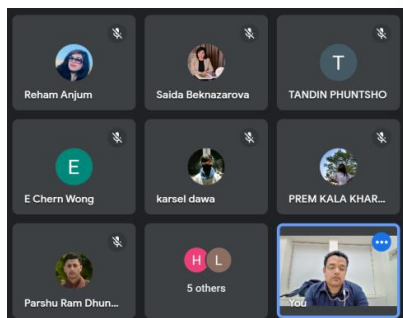

Short Term Programs i.e. **Winter School** and **Summer School** aims to improve the visibility of the Institute by showcasing its strengths, mainly, the rigor of our academic courses and/or existing research facilities at IIT Bombay. The program offers interesting courses on some of the current topics by the faculty members of our institute during the winter and summer breaks each year. Vast benefits are presented to the participant under the program including study material exchange, one on one discussion with the faculty member, highly informative lecture/quiz/assignment, and e-participation certificates.

At IIT Bombay, Winter School is usually held between December/January, and Summer School is usually held between June/July every year. These short-term programs are designed for senior undergraduate and postgraduate level students. The contact hours may vary between 15 to 60 hours for a maximum of 15 days. An interested faculty member of IIT Bombay submits their course proposal to the Dean IR for upcoming sessions. Interested students may write to us (e-mail: [dean.ir.office@iitb.ac.in](mailto:dean.ir.office@iitb.ac.in)) in expressing topics to cover.

INDIAN INSTITUTE OF TECHNOLOGY BOMBAY offers

## SUMMER SCHOOL ONLINE-2022

The international Relations of IIT Bombay, India is organizing 2022 Summer school that will cover the topics of Structural Geology, Data Flow Analysis, Introduction to Numerical Optimization, Carbon Capture Utilization and Sequestration (CCUS) by the faculty experts in respective fields.

- Live Online
- Registration
- Certificate

Register to secure your seat at <https://www.ir.iitb.ac.in>

# Short Term PROGRAM

IIT Bombay has Memorandum of Understanding (MoU) signed with a number of universities worldwide and we leverage these MoUs to provide international exposure to our students. We promote International Relations activities among our students in several ways such as Semester-long Student Exchanges, Study Tour Exchanges, International Conferences and Competitions.

## Inbound STUDENT

Students at all levels (undergraduate as well as post graduate), irrespective of nationality, but registered for a degree in an Institute abroad, be considered as international students under the category of ‘Visiting Students’.

A visiting student can carry out course work at IIT Bombay for a semester or spend upto a maximum of two semesters. There is no limitation on the duration of project work that can done at IIT Bombay.

Visiting students joining IITB for course work can check the list of courses offered at IITB at <https://portal.iitb.ac.in/asc/Courses> (Courses are listed under the respective Departments). The list of courses to be offered by Departments in each semester is finalized and announced only a few days prior to the beginning of the semester.

## Outbound STUDENT

In the semester-long exchange programs, students are given an opportunity to complete a semester in one of the partner universities and have a global learning experience, studying with students coming from different countries across the globe.

Students of IIT Bombay interested in participating in Exchange programs of IIT Bombay with international universities need to start preparing for it well in advance.

Students can do course work and/or project work at an Institution with whom IIT Bombay has an MoU. For doing project/research work at a Host institution the onus of finding a guide rests with the student. They also need the concurrence of the project guide at IIT Bombay if they wish to submit their work done abroad towards their degree and get credits for it.

## Student EXCHANGE

## ACADEMIC CALENDAR

Duration	Semester 1	Semester 2
<b>Term</b>	2nd week of July to last week of November	1st week of January to last week of April
<b>Orientation</b>	3rd week of July	1st week of January
<b>Classes</b>	3rd and 4th week of July to Mid November	1st week of January to Mid April
<b>Exams</b>	Mid-end of November	Mid-end of April

\* Please refer Academic Calendar for detailed information: <https://www.iitb.ac.in/newacadhome/toacadcalendar.jsp>

## APPLICATION and DEADLINES

For course work	For project work
Autumn Semester (Jul - Nov): 31 Mar (every year) Spring Semester (Jan - Apr): 30 Sep (every year)	Applications accepted throughout the year. The applications should be sent to us at least 2 months prior to the expected date of start of the project.
Application documents should be send to dean.ir.office@iitb.ac.in Nomination and Application package should be sent by e-mail to dean.ir.office@iitb.ac.in	

## COURSE LOAD, SELECTION, and ENROLLMENT

Course Load for undergraduate / graduate studies  (most courses are of 6 credits, half semester courses are of 3 or 4 credits)	Minimum no. of credits to be taken in a semester – 15 credits Maximum no. of credits that can be taken in a semester – 40 credits  Recommended credits for exchange and study abroad students is 15-30 credits (normally 3 to 5 courses)
Course Selection	At time of application, students will list their preferred courses.
Course Enrollment	Students will be registered manually to the courses selected by them. The registration process will be informed to the students after their joining.

## ADMISSION and VISA

<b>Admission</b>	Once accepted by the department of host institutes, the students will receive their <u>Offer Letter</u> as follows: Autumn admission: by/before end of May Spring admission: by/before end of November
<b>Visa</b>	Visiting / Exchange student must apply for a 'Student Visa' (not 'Tourist Visa'). Detailed information is available at: <a href="https://boi.gov.in/content/foreigners">https://boi.gov.in/content/foreigners</a>

## OTHER INFORMATION

<ul style="list-style-type: none"> <li>Exchange student will be provided on campus accommodation upon their arrival as per availability.</li> <li>Exchange student will be provided only OPD facility at IIT Bombay Hospital. Student should obtain a personal insurance policy, covering sickness and accidents before arrival at IIT Bombay.</li> </ul>
---

## SUPPORT PROVIDED by the IR OFFICE

Once accepted as a visiting / exchange student at IIT Bombay, the IR Office will coordinate with the student to provide the following facilities: <ul style="list-style-type: none"> <li>Send Admission Offer Letter for visa purpose,</li> <li>Arrange Airport pick up,</li> <li>Arrange Hostel accommodation,</li> <li>Assist with FRRO registration process,</li> <li>Connect students with a 'buddy' at IIT Bombay to ease the transit process,</li> <li>Help in getting Identity card,</li> <li>Help with free Network connectivity, after arriving on campus,</li> <li>Send grade cards after completion of exchange visit,</li> <li>Any other related assistance required before, during, and after the exchange / visit period.</li> </ul> Kindly inform your arrival date/time two weeks in advance to avail the above support.

- Singapore
- South Korea
- Sweden
- Switzerland
- UK
- USA

Companies of various business sectors offer internship positions to the students. This option presents an opportunity to gain industrial exposure and broaden one's skill-set in the domain of interest. A few years ago, the Institute started the credit-based internship program, by means of which the students could leverage the performance in their internship towards the academic credit requirement.

■ Summer Internships ■ Winter Internships

■ Company Offers ■ University Offers

1195 Internships Offered (in 2021-2022)

Internship	Duration
Summer Internship	max. 8 weeks (May - Jul mid)
Winter Internship	max. 4 weeks (Dec)

Undergraduate, Postgraduate, and Ph.D. students apply for the internship by their own interest in universities and companies.

# Student INTERNSHIP

IIT Bombay organizes Institute Colloquium, Institute Lecture, Named Lecture  
– A glimpse of it

The Institute Lecture Series unites IIT Bombay students and the broader community with some of the top thinkers of our time. This is a space where our highest values – open discussion and diverse representation of thought – come to life.

Prof. Dara Entekhabi,  
Massachusetts Institute of  
Technology (MIT), USA  
- **Institute Lecture**

Prof. Charlie Jeffery,  
Vice-Chancellor and President,  
University of York, UK  
- **University President's Seminar Series**

Prof. Gérard Berry,  
Collège de France, Italy  
- **Institute Colloquium**

Dr. Huey-Jen Jenny Su, President,  
National Cheng Kung University (NCKU), Taiwan  
- **Vice Chancellor's Seminar Series**

Prof. Kenji Hata,  
National Institute of  
Advanced Industrial Science  
and Technology (AIST),  
Japan  
- **Institute Colloquium**

Prof. Rakesh Agrawal,  
Purdue University, USA  
- **Named Lecture**

Prof. Pradeep Khosla, Chancellor,  
University of California, USA  
- **Vice Chancellor's Seminar Series**

**Institute faculty and researcher engaged in international Conferences, Workshops  
along with Institute Lecture, Colloquium, etc.**

**Faculty EXCHANGE**

## Administrative staff mobility between IIT Bombay and its International Partner Universities

The Erasmus+ International Credit Mobility (ICM) with Partner Countries, also known as Erasmus+ Global Mobility and promoted by the European Union, refers to the mobility of students, researchers, and staff between European higher education institutions and non-European (bi-lateral) partners is aimed at enhancing the bilateral cooperation between the two institutions. This staff exchange program allows the staff to exchange and learn the best practices and implement them for the growth of the institute and self.

Office of International Relations organizes the language courses for the campus community, consisting of students, faculty, staff, and occasionally family members of institute employees

At this point, there are five language courses being offered:

- ✓ **French**
- ✓ **German**
- ✓ **Japanese**
- ✓ **Chinese (Mandarin)**

The Language Courses are 100 hours course per batch. The batches are categories as Beginners, Intermediate, and Advanced Batch.

These batches are divided into Two Modules:

Batches	Duration	Classes
<b>Beginners</b>	100 hours	The participant learns basic oral and written expressions, phonetics, grammar, and vocabulary.
<b>Intermediate</b>	100 hours	For the participant who have already completed 100 hours of beginner course.

Module	Duration	Classes
<b>Module - I</b>	50 hours	Autumn Semester (25 classes)
<b>Module - II</b>	50 hours	Spring Semester (25 classes)

### General Guidelines:

Classes held twice a week for 2 hours a day in the evening slots (during 5:00-9:00 pm). The classes being conducted in assigned lecture hall and tests being conducted in every module. Attendance for all the tests is compulsory. A minimum of 50% is required in the tests for issuance of certificates. Issuing the certificate at the end of the year subject to:

- A minimum of 60% test score
- 50% attendance i.e. min. 50 hours

Detailed information about class schedule disseminates to enrolled students and staff members of the institute via an email by International Relations office ([dean.ir.office@iitb.ac.in](mailto:dean.ir.office@iitb.ac.in)).

## Academic Units

16 Departments, 3 Schools, 6 Centres, and 4 Interdisciplinary Groups

Academic Units of IIT Bombay offers wide range of Academic and Research areas to pursue

### Departments

Aerospace Engineering  
 Biosciences & Bioengineering  
 Chemical Engineering  
 Chemistry  
 Civil Engineering  
 Computer Science & Engineering  
 Earth Sciences  
 Economics  
 Electrical Engineering  
 Energy Science & Engineering  
 Environmental Science & Engineering  
 Humanities & Social Sciences  
 Mathematics  
 Mechanical Engineering  
 Metallurgical Engineering & Materials Science  
 Physics

### Schools

Desai Sethi School of Entrepreneurship  
 IDC School of Design  
 Shailesh J. Mehta School of Management

### Centre

Centre for Research in Nanotechnology & Science  
 Centre of Studies in Resources Engineering  
 Centre for Technology Alternatives for Rural Areas  
 Centre for Urban Science & Engineering  
 Centre for Machine Intelligence & Data Science  
 Ashank Desai Centre for Policy Studies  
 Centre for Liberal Education  
 Koita Centre for Digital Health

### Interdisciplinary

Climate Studies  
 Educational Technology  
 Industrial Engineering & Operations Research  
 Systems & Control Engineering

ACADEMIC

PUBLICLY FUNDED

PRIVATELY FUNDED

Parimal and Pramod Chaudhari  
Centre for Learning and Teaching

Tata Centre  
for Technology  
and Design  
IIT Bombay

Sunita Sanghi Center of Ageing and  
Neurodegenerative Diseases

### **Biomedical Engineering and Technology Innovation Centre (BETiC)**

Integrated facilities for design, analysis, prototyping and testing of medical devices. Funded by DST & Maharashtra Govt.

### **Centre for Research in Nanotechnology and Science (CRNTS)**

At IIT Bombay, over 45 faculty members from 9 different departments/schools are working together in the broad areas of Nanotechnology, with support from various government agencies and private industries. Some of the research activities at IIT Bombay in the Nanotechnology area are on par with some of the best institutions in the world.

### **Centre for Aerospace Systems Design and Engineering (CASDE)**

The CASDE was set up at the Department of Aerospace Engineering, IIT Bombay in July 1998 on the invitation of the Aeronautics Research and Development Board (ARDB), Ministry of Defence, GoI. The Centre is funded through a grant-in-aid project by the ARDB.

## CCES

### **Centre for Computational Engineering and Science (CCES)**

The CCES, housed at the Department of Civil Engineering, and seed funded by the Board of Research in Nuclear Sciences (BRNS), is a central facility to facilitate and consolidate research activities across all disciplines and departments. It specially focuses on aiding high-tech numerical work in analytical research in varied areas.

### **CoE on Membrane Technology for Desalination, Brine Management, and Water Recycling (DeSaltM)**

The centre has been established with the aim of developing state-of-the-art technologies with five IITs (IITB, IITD, IITKGP, IITI, and IITH) and other stakeholders from industries and NGOs to provide various desalination, brine management, and water recycling technologies.

### **National Centre of Excellence in Nanoelectronics Network for Research and Application (NNetRA)**

Initiative by Ministry of Electronics & Information Technology (MeitY) to push the frontiers of nanoelectronics through basic research in this field; to engage in nano electronic device and system.

### **Centre of Excellence in Steel Technology (CoEST)**

For R&D in steel technology and creation of high quality manpower for the industry. Funded by Ministry of Steel, GoI

### Centre of Excellence in Oil, Gas, and Energy (CoE-OGE)

To provide a competitive advantage to India's oil and gas sector by identifying indigenous solutions and energy resources to cater the challenges faced. Funded by India's seven blue-chip oil firms including IOCL, BPCL, HPCL, GAIL, ONGC, EIL & OIL

Ashank Desai  
Centre for Policy Studies  
Indian Institute of Technology Bombay  
Insight ♦ Dialogue ♦ Impact

### Ashank Desai Centre for Policy Studies (ADCPS)

Policy Studies is a relatively nascent discipline in India. Given the increasing complexities of the economy, international relations, technology, and governance, it is imperative that this discipline takes firm roots in our polity and society.

### Centre for Machine Intelligence and Data Science (C-MInDS)

Set up to nurture talent pool in artificial intelligence, data science, and related areas in different application domains.

### Centre of Studies in Resources Engineering (CSRE)

Modern technologies like Geographic Information System (GIS), Global Positioning System (GPS), Satellite image processing and Remote Sensing, are extensively used in the Centre's in teaching, research, consultancy and continuing education programmes.

### Centre for Technology Alternatives for Rural Areas (CTARA)

CTARA has over the years developed relations with various Governmental Departments at the Centre and State; Industrial Houses, Non-governmental Organizations/Community Based Organizations.

### Centre for Formal Design and Verification of Software (CFDVS)

The Centre has been set up with the broad aim of carrying out R&D activities in the area of quality software development with special focus on formal verification techniques for safety-critical applications. Formal verification methods are founded on rigorous mathematical techniques and hence enable development of quality software.

### DRDO-Industry-Academia Centre of Excellence (DIA-COE)

The Centre of Propulsion Technology (CoPT) renamed to DIA-COE recently. It aims at spearheading fundamental and applied research related to aerodynamic design and performance analysis of various components and technologies associated with aerospace propulsion devices. Funded by DRDO, GoI

### Centre for Urban Science and Engineering (C-USE)

The research activities of the Centre focus on understanding urban issues and work towards new products and solutions related to housing, transport, water management, energy efficiency, urban informatics, health, governance, urban poverty, and citizen science while mitigating the effects of natural disasters and climate change.

### Centre for Liberal Education (CLE)

Facilitates interdisciplinary studies in the Liberal Arts, Sciences, and Engineering (LASE) program, enabling the freedom to specialize in ground breaking, cross-cutting fields such as AI and EdTech or Healthcare Engineering.

### Centre for Quantum Information, Science, and Technology (CQIST)

CoE-QuICST brings together a diverse team of experts, from both science and engineering departments of IIT Bombay, to foster a multi-faceted QST research and development (R&D) ecosystem. It is envisioned to amalgamate this diverse set of expertise, to contribute in a systematic manner, to the National Mission on Quantum Technologies and Applications.

### Geospatial Information Science and Engineering

An interdisciplinary project to enable Geospatial Technology Solutions. This centre is sponsored by the Ministry of Science and Technology, GoI. GISE hub and spoke model aims to work together with different groups to collectively elevate geospatial technology use in society.

### IITB Centre For Semiconductor Technologies (SemiX)

SemiX enables semiconductor industry focussed R&D, workforce development and entrepreneurship by serving as a common interdisciplinary platform to integrate the energies of (a) Multiple involved academic disciplines, (b) Indian semiconductor consumers and creators, (c) Academicians, entrepreneurs, investors, and government policy makers.

### Koita Centre for Digital Health (KCDH)

Set up under the aegis of the Koita Foundation; research focus areas are clinical applications (including electronic patient records and medical imaging), healthcare data management (including data privacy and security), healthcare analytics, healthcare AI/ML, consumer health, public health, and public policy.

### National Centre for Aerospace Innovation and Research (NCAIR)

Aims to provide economically viable, sustainable solutions to Indian aerospace manufacturers Founding members DST, IITB, Boeing, HAL, and NAL

### National Centre of Excellence in Carbon Capture and Utilization (NCoE-CCU)

Hub for state-of-the-art research and application-oriented initiatives to accelerate efforts towards carbon dioxide capture, compression, transport, and utilization in enhanced hydrocarbon recovery as co-benefit pathways. Funded by DST, GoI

**National Centre of Excellence in Technology for Internal Security (NCETIS)**  
Takes up activities towards developing indigenous technology and self-sufficiency in the areas of Electronics Systems Design and Engineering for the strategic sector of internal security.

**National Centre for Photovoltaic Research and Education (NCPRE)**  
Provides R&D and educational support for India's ambitious 100 GW solar mission. Funded by MNRE, GoI

Parimal and Pramod Chaudhari  
Centre for Learning and Teaching

**Parimal & Pramod Chaudhari Centre for Learning & Teaching (PPCCLT)**  
Aims to facilitate and support pedagogy by promoting innovation, evidence - based practices and collaboration; activities cover research in teaching & learning, development and assessment of academic programs & curriculum, development of teaching methods for large classes, teaching with technology & software, employing inclusive teaching strategies, etc.

Sunita Sanghi Center of Ageing and  
Neurodegenerative Diseases

**Sunita Sanghi Centre of Ageing and Neurodegenerative diseases (SCAN)**  
Aimed towards timely detection and treatment of neurodegenerative disorders in the elderly.

Tata Centre  
for Technology  
and Design  
IIT Bombay

**Tata Centre for Technology and Design (TCTD)**  
Aims to develop solutions to challenges faced by resource constrained communities using an end-to-end innovation approach. Supported by Tata Trusts.

TECHNOCRAFT  
INDUSTRIES INDIA LTD.

**Technocraft Centre for Applied Artificial Intelligence (TCAAI)**  
To foster collaboration in applied Artificial Intelligence (AI) through research and outreach, using the expertise of faculty in AI, decision sciences, machine learning and optimisation.

IIT Bombay  
WRCB

**Wadhvani Research Centre for Bioengineering (WRCB)**  
Inter-departmental virtual centre focusing on technology translation in the broad domain of healthcare delivery, with emphasis on technology innovation and commercialisation.

WICTRE

**Water Innovation Centre: Technology, Research, and Education (WICTRE)**  
Aims at innovation through excellence in sustainable water purification technologies to solve water related problems for society. Funded by DST, GoI

International courses are available to participants from abroad. These are offered in the following modes:

1. contact open courses launched with a in-country partner outside India,
2. live online open courses offered jointly with a foreign university/institute, and
3. in-house contact/online courses offered for a specific organization abroad.

If you represent a foreign company/organization and are looking for an in-house course for your staff members, please visit <https://www.cep.iitb.ac.in/>

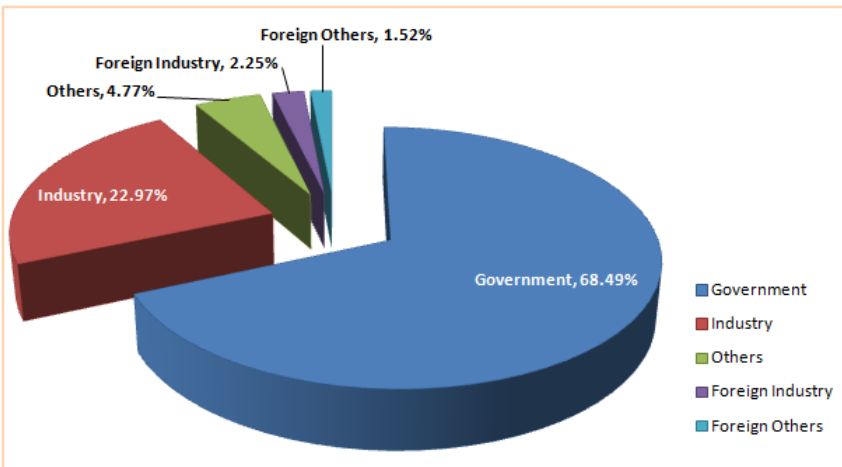

**Wings of EDUCATIONAL OUTREACH**

IIT Bombay has made concerted efforts to align its R&D focus with the national goal of achieving technological self-reliance. Students and faculty conduct research projects in thrust areas of science and engineering. The institute has ongoing academic and research collaborations with many national and international universities, governments, and industries in order to keep pace with expanding frontiers of knowledge and global developments; it is also constantly in touch with national needs.

The research funding and industrial interactions of the institute are managed by the [Industrial Research and Consultancy Center](#) (IRCC). Visit for details regarding available areas of expertise, consultancy services, research facilities, technologies for transfer and licensing, research internship, and industry research partnership.

- [Entrepreneurship](#)
- [COVID - related R&D Work by CFTT's](#)
- [IITB Research Park](#)
- [Laboratory Safety](#)
- [Sophisticated Analytical Instruments Facility](#) (SAIF)

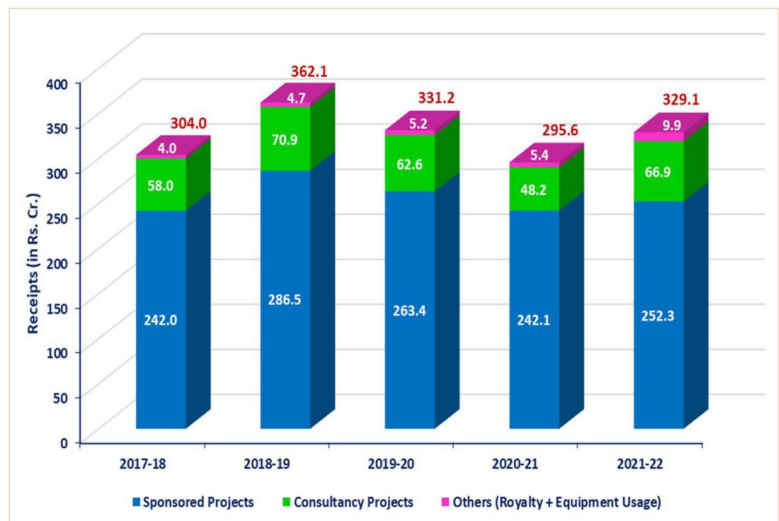

Research and Development (R&D) at IIT Bombay has evolved and flourished over the decades since the Institute's inception in 1958. The synergy of academics and research has catapulted the Institute into the illustrious circle of world-class institutions. Apart from offering viable solutions to various government sectors, industry and to society, IIT Bombay pursues basic research leading to knowledge generation that lays the foundation for empowering India as a nation to be technologically confident and self-reliant.

Types of funding agencies & percentage contribution for R&D receipts (Sponsored Projects + Consultancy Projects)

## R & D Receipts

Funding received for R&D activity in **FY 2021-22 is Rs 329.1 crores**. This includes grants received for newly sanctioned as well as ongoing projects.

# Research & DEVELOPMENT

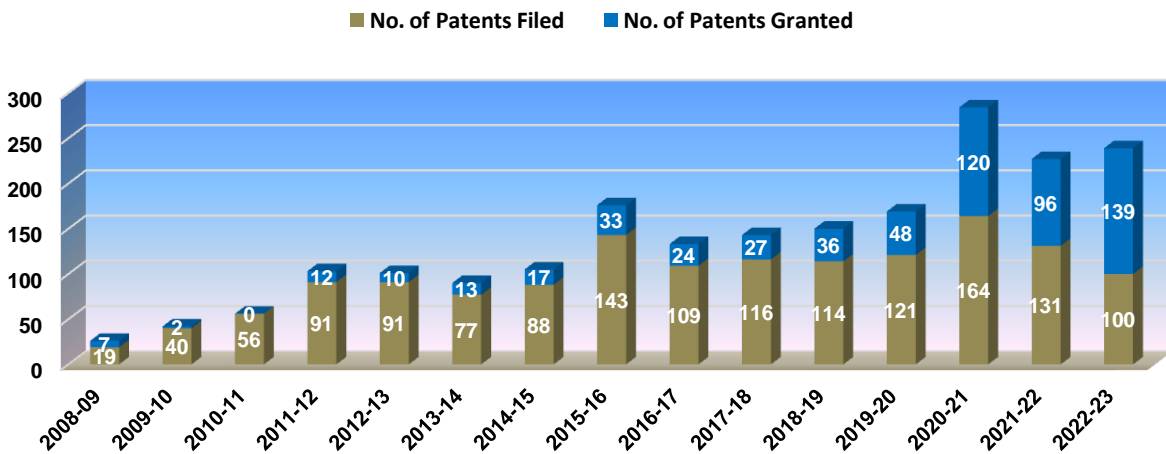

## Patents

(Period 1/1/1997 to 1/12/2022 )

- Indian patent applications: 1458
- Foreign patent applications: 219
- PCT applications: 138
- Patents granted (Indian + Foreign): 455 + 131
- Others under process

Patent (2008-2023)

Publications (Growth in 3 decades)

## IIT Bombay – Industry Interactions for R&D

Around 335 Indian and international industries approached IIT Bombay for partnership through collaborative R&D projects and consultancy services.

### Industry Partnership

# IITB as a PLATFORM

IIT Bombay encourages its faculty member, employees and students to take up R&D from early on and convert their technology ideas and innovation in various disciplines of science and engineering into commercial ventures for wide public good

IIT Bombay promotes innovation and entrepreneur ecosystem. Many faculty members also start their own companies using the IP generated at the institute. The institute promotes such initiatives by providing favorable licensing terms and in-house incubating facilities, etc.

Innovation & ENTREPRENEURSHIP

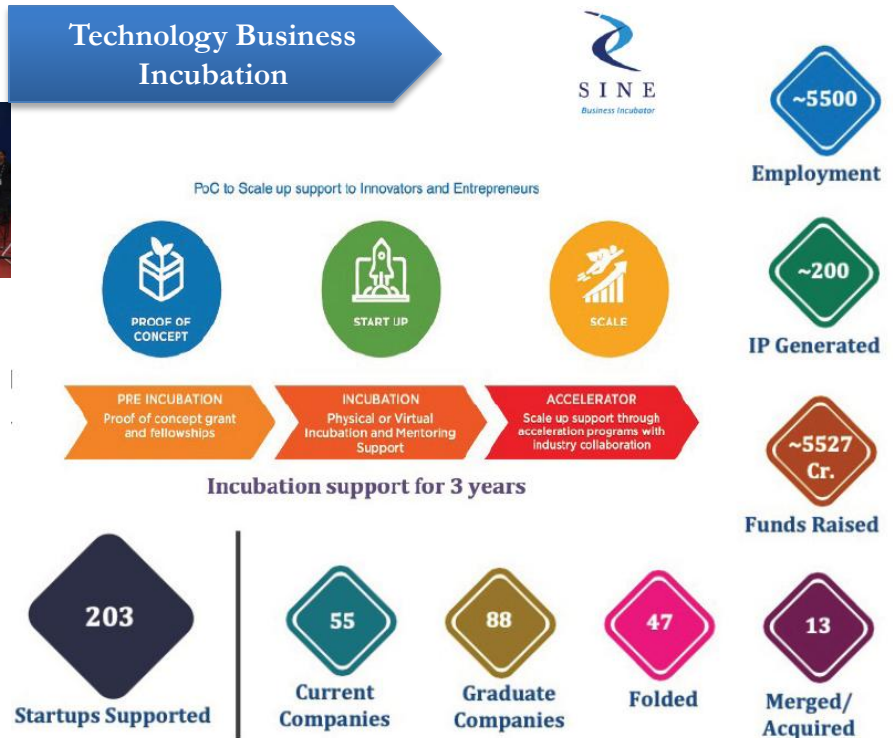

## Society for Innovation and Entrepreneurship (SINE)

SINE supports technology startups founded by IITB community or that are based on IITB technologies, and extends the role of the institute by facilitating conversion of R&D into entrepreneurial ventures. Incubated companies cover a diverse spectrum of technology areas including healthcare, big data analysis, mobile apps, fintech, nanotech, biotech, clean-tech, social media, etc.

# Research FACILITIES

## Central LIBRARY

The Central Library, IIT Bombay housed in a huge 3-storey building having central air-conditioned facilities with state-of-the-art amenities provide a vibrant ambiance to the students, faculties, staff, alumni and corporate/ member users for study, research and access to library resources.

## Computer CENTRE

Computer Centre administers and manages the entire Campus Computer Network which includes Departments, Schools, Centres, Main Administrative Building, Hostels and the Guest House as well as to the remote locations like Institute Hospital, Security Cameras, etc.

## Travel DESK

M/s. Balmer Lawrie has commissioned a in-plant facility at IIT Bombay. Their services may be availed for travel related requirements (National / International).

## Facilities & AMENITIES

## IITB HOSPITAL

The Institute has a reasonably well equipped Hospital with both inpatient and outpatient facilities. In addition to several full time doctors, there are several visiting specialists who attend the Hospital on certain days and are available for consultation.

## IITB GYMKHANA

Computer Centre administers and manages the entire Campus Computer Network which includes Departments, Schools, Centres, Main Administrative Building, Hostels and the Guest House as well as to the remote locations like Institute Hospital, Security Cameras, etc.

# Facilities & **AMENITIES**

IIT Bombay is an academic community of faculty, students, and staff of over 10,000 living on 530 acres of green and pleasant campus, with the Powai lake on one side and hills on another. The campus has been consciously developed to retain and enhance the green cover, rich with natural flora and fauna. IIT Bombay residents take advantage of their proximity to the financial capital of India, hustling and bustling with city life, while enjoying the serene environs of the campus. The campus is connected to the city proper, an hour's distance through buses and local trains. However, IIT Bombay is like a small township. Most facilities are available on campus itself, including a bank, a shopping center, two excellent schools for children, and a well-equipped hospital.

The peaceful atmosphere of the campus belies the range and intensity of activities, which complement academic life.

Powai Lake

IIT Bombay has 2 Guest Houses –  
Jal Vihar and Padma Vihar.

The rooms in both are equally luxurious with AC rooms, TV,  
Internet Connection, attached Toilets et al.

To book rooms, you make your reservation online at  
<http://www.iitb.ac.in/GuestHouse/reservation/index.html>

## Conference Hall of Jal Vihar Guest House

## Padma Vihar Guest House

The Institute is fully residential and has 18 hostels for students. Each hostel is an independent entity with its own mess facilities, recreation areas, etc. However students may be permitted to have their own arrangements for accommodation outside campus. Some flatlets are available for married research scholars.

Extra-curricular activities are provided by the Students' Gymkhana. These activities include Sports, Cultural programmes, and Social Service. Various clubs of the Gymkhana encourage individual talents of students in hobbies such as painting, modeling, music, photography, aeromodelling and fabrication of electronic devices. A swimming pool is an additional facility. A well-planned Student Activities Centre (SAC) routinely organizes several vibrant extracurricular events. The Students' Gymkhana along with its infrastructure is an organization to foster and develop all student activities in the Institute. It aims at promoting and developing organizational abilities in students. Student bodies under [Gymkhana](#):

# Students ACTIVITIES

We at IIT Bombay are committed to nurturing a career that is based on Equality, Diversity, Innovation and Creativity. The Institute encourages and welcomes applicants from different backgrounds, life experiences, perspectives, cultures, races, identities, beliefs, and values. Respect, accountability, integrity, service and excellence constitute the core strength of our workforce

## Recruitment Opportunities

IIT Bombay invites applications from Foreign Nationals at the level of Assistant Professor, Associate Professor, Professor, and at the level of Post Doctoral Fellow. Details of this Special Recruitment Drive for Foreign Nationals are available at [Foreign Faculty and Post Doctoral Fellows](#) Page.

Fostering strong relationships with its alumni, corporations and philanthropists

A Soiree at the Windy City. Director, IIT Bombay, met with alumni members from Chicago in May 2022, at the University Club of Chicago. Mr. Ram Kelkar, IIT Bombay alumnus (B.Tech., Electrical Engineering, 1980) and Co-Founder, IIT Bombay Heritage Foundation, arranged the soiree along with the IITB DRF office.

An alumni interactive session held in Boston, USA, in collaboration with the IIT Bombay Heritage Foundation, Boston Chapter, in May 2022. A significant number of alumni members between 1966 and 2021 attended the session.

### *Testimonials*

A student view towards IIT Bombay faculty

*“Most of our professors are research scholars themselves and are deeply involved in their own subjects of interest. It is this attitude of our professors that really makes them special, and engaging for our students. It becomes especially important to have professors who think in this way for our students to get their answers and take their involvement in their courses to the next level”*

Extracurricular activities that IITB offer: says one IITB student

*“All work and no play typically dull the mind. We are proud to be part of an institute that promotes a strong curriculum with a keen interest in participation beyond books”*

## Indian Institute of Technology Bombay

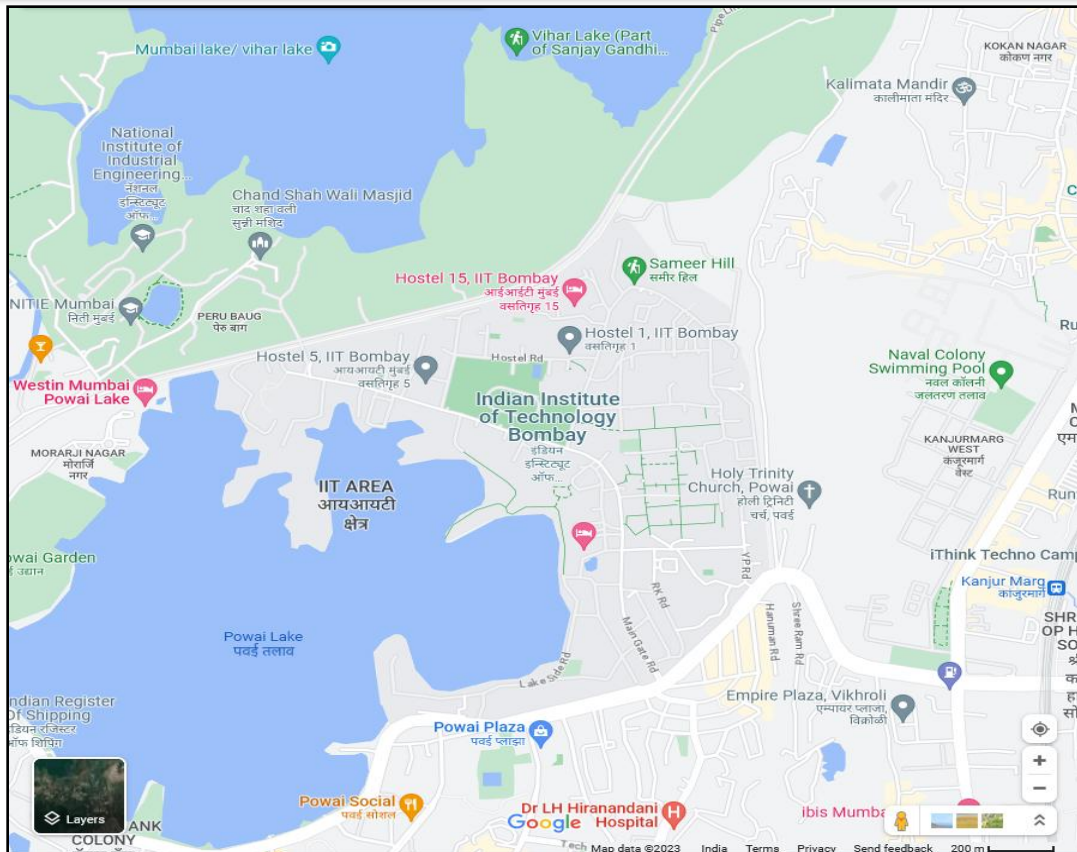

*Mumbai is a vibrant never-sleeping city known for its nightlife*

IIT Bombay is located at Powai, which is a Eastern Suburb in the north-eastern part of Mumbai. Mumbai is a long narrow island, thrusting southwards into the Arabian Sea. It can be broadly divided into four zones.

- South Bombay (Colaba, CST, Fort, Churchgate, Nariman Point),
- Central Bombay (Dadar, Bombay Central, Worli),
- the Western Suburbs (Bandra, Juhu, Andheri, Borivali), and
- the Eastern Suburbs (Kurla, Chembur, Ghatkopar, Mulund, Kanjur Marg, Vikhroli).

### Airport to IIT Bombay

International flights land at Terminal 2, Chatrapati Shivaji International Airport, which is about 10 km from IIT Bombay. The Domestic Airport is at Terminal 1, which is about 15 km. Call taxis and Pre-paid taxis and auto rickshaws are available at the airports.

# Reach to IIT BOMBAY

- \* Mumbai (previously known as Bombay) is the largest city of India
- \* Mumbai is the financial capital of India
- \* The city is also popular for its entertainment industry
- \* Fondly called as the 'City of dreams'

A wide, tree-lined walkway at IIT Bombay. The path is paved and flanked by large, mature trees with dense green foliage. Several people are walking along the path, and a few cars are parked on the right side. The scene is bright and sunny, with dappled light on the ground.
